Pray Chosen Head of Parent-Teacher Group

Boro School Board President Honored at County Convention.

PROGRAM WAS EVENTFUL

Kenneth L. M. Pray, president of the Narberth School Board, was elected president of the Parent-Teacher's Association of Montgomery County at the Fifth Annual Convention of the Association held in the Narberth Public School on Saturday. Other officers elected were Mrs. Clarence Woolmington, of Narberth; Mrs. Frank Sprongell, of Lansdale, and Mrs. George Wismer, of Pottstown, vice-presidents; Mrs. John W. Elliott, secretary; E. Rogers Stevens, of Ambler, treasurer. As the president of the association has the appointment of the corresponding secretary, the name of this officer will be announced later.

Mrs. E. Raymond Ambler, president of the association, opened the morning session, which began at 9:45. The feature of the program was music by the orchestra of the Narberth School, composed of boys and girls from the fifth, sixth and seventh grades, which played several selections, followed by the singing of "America" by the entire audience. The young members of the orchestra played remarkably well, having had but ten weeks' instruction in this art.

Several groups of songs were sung by the Girls' Glee Club and later by the Boys' Chorus. An outstanding

Active Members' Club Formed by Boro Firemen

An Active Members' Club of the Narberth Fire Company was organized last Sunday with the following officers: Charles V. Noel, president; Frank A. O'Brien, vice president; Albert Miller, treasurer, and George Kreamer, secretary.

The purpose of the organization is primarily social. Harry Hollar, George Gillespie and Charles Smith comprise the entertainment committee. Meetings will be held the second Friday of every month.

Fifty-two Attend

The Ways and Means Committee of the Dr. Benjamin Rush Chapter of N. S. D. A. R. gave a very successful luncheon and bridge on Friday at the home of Mrs. Joseph H. Miller, 426 Haverford Avenue. There were 52 present.

To Picture Historic Spots

A committee on education will present pictures of "Historic Spots in the American Colonies" at the Narberth Public School on Thursday evening, February 19. Everyone is cordially invited. Mrs. E. C. Town is the chair-

Mysterious Entry of Borough Shop Puzzles Clerk and Police—but Not Firemen

What kind of a burglar it is that breaks into a store and departs without touching \$40 in the cash register puzzled a Narberth shop clerk and a Borough policeman on Wednesday morning.

When Mrs. Kathleen Calley opened the shop of the Hyland Cleaners and Dyers in the Y. M. C. A. building on Haverford Avenue Wednesday morning she found to her surprise that the glass transom had been smashed, giving every evidence of a forcible entry. Her surprise turned to astonishment, however, when, hurrying to the cash register, she found no money had been taken nor any of the goods in the shop disturbed.

At this juncture Officer August Bailey, standing across Haverford Avenue, was called over. He heard the story, looked around and scratched his head. Later in the day when he

was telling Fireman Al Miller about the mysterious entry, Al was able to throw some light on the matter.

It seems that James ("Gyp") Gillespie, Borough fireman, was passing the above mentioned establishment about 11:45 Tuesday night and saw smoke filling the store. He immediately ran over to the Fire House and returned with Chief Noel, Al Miller and Ed Shea.

Breaking the glass in the transom enabled them to swing through the doorway into the smoke-filled room. Investigation then showed that the heater in the cellar was choked with wood, which, with the draughts all shut off, made the smoke pour out through the openings over the fire pit. A couple of buckets of water sufficed to quench the smoke screen, but the firemen are chuckling yet over the befuddlement which their innocent entrance into the store caused.

Council to Prepare Zoning Amendment

Ordinance to Permit Business on Montgomery Avenue to Be Introduced Next Month.

An amendment to Narberth's zoning ordinance to permit business on Montgomery Avenue from Narberth to Haverford Avenues, will be prepared by the Ordinance and Law Committee of the Council and introduced at the March meeting. This constituted the burden of this committee's report at the February meeting of the Borough Council on Monday night.

It is proposed to make provision in the amendment to the zoning ordinance for setback of the curb to provide parking space, to establish a building line based on the present house line, and to provide for an attractive character of building.

The report of the Ordinance and Law Committee follows:

"At the public hearing held in the Council Chamber on January 30, 1931, on the question of amending the zoning ordinance, there was an overwhelming preponderance of the property owners present who favored the change, the vote by property owners in the borough being 26 for and 3 against opening Montgomery Avenue from Narberth to Haverford Avenues, to business.

"There are many adjacent property owners not directly affected by the amendment, yet who are vitally interested in an indirect way. Many of these people did not attend the hearing as they thought that their ideas would not be entitled to consideration. Since the hearing the chairman has repeatedly been asked what, if any, steps could be taken by them in opposition and they were told that if a petition

Penn Valley Group Discuss Future Plans

W. D. Fuller Re-Elected President at Association's Annual Meeting.

Plans for a community headquarters and a private nine-hole golf course were discussed at the annual meeting of the Penn Valley Association, held at the Montgomery School, Wynnewood, on Monday night.

Officers re-elected at the meeting were: Walter D. Fuller, president; Eugene Jordan, vice president; the Rev. Gibson Bell, secretary, and E. Burke Wilford, treasurer. Amendment of the by-laws to provide for two vice presidents was passed and Percival Roberts, Jr., was elected to fill the post of second vice president.

The following were named on the executive committee: J. Bruce Byall, Narberth; Frank Mancill, Merion; J. A. Labore, Narberth; Guy Croyle, Narberth; James F. McGee, Jr., Merion; Jean Allen, Narberth; Richard T. Dooner, Merion; A. E. Wohlert, Narberth; William B. Griscom, Narberth; William A. Anderson, Cynwyd; Dr. R. S. Boles, Cynwyd; Lafayette Lentz, Cynwyd, and H. W. Peffer, Narberth. Officers of the association were also elected to serve on this committee.

The golf course which the association hopes to construct would be near the river and would serve the purposes of the dub golfer rather than the expert. It would be open to all Penn Valley members and such others as the committee will think it desirable to select. It was thought that a golf house might be the starting point for the development of a community center.

Prohibition Lauded at Borough Meeting

'Great Moral Victory,' Says John McSparran, Secretary of Agriculture.

CONDEMNS ALL LIQUOR

"Prohibition is one of the two greatest moral victories in the history of the world," said John A. McSparran, speaking before a meeting of prohibition supporters in Narberth last Friday night. "Repeal of the Eighteenth Amendment or of the Volstead Act is a laughable impossibility," he went on.

Mr. McSparran, State Secretary of Agriculture, was the principal speaker before a group of two hundred Narberth residents at a supper in the new Methodist church building. The gathering was held under the auspices of the Anti-Saloon League.

The speaker, after a humorous introduction by Dr. Homer W. Tope, Pennsylvania superintendent of the League, launched into a condemnation of drinking in all its forms, and refreshed the memories of the audience as to conditions before prohibition.

"The World War killed 100,000 of our boys in two years," he said, "and plunged the country into mourning. Yet we used to bury 200,000 people each year in drunkards' graves. Before prohibition it was estimated that there were 5,000,000 hard drinkers in this country, who were for that reason doomed to die twenty-nine years before their time. It was estimated that the lives of 20,000,000 moderate drinkers were shortened by thirteen years each.

Business Man's Sketch Club Being Formed

The Main Line, rapidly developing an interest in local musical and dramatic effort, is to have its first art group, in the formation of a business man's sketch club.

The nucleus of this new organization was formed at meetings held in Bala last night and Wednesday of last week, when tentative plans were discussed and a group of interested members assembled. The club will invite membership from all parts of the Main Line.

Active in the formation of the sketch club are William Tefft Schwarz and Alvin E. Shull. Mr. Schwarz is a Merion resident, and a well-known mural artist. Mr. Shull, at whose office the meetings have been held, is a lumber dealer. Other men interested at this time are Guy Croyle, John and Conrad Albrecht, John A. Miller, A. F. W. Vick, James and Joseph Carroll and Walter Hengel. All these men are from the eastern end of the Main Line.

Tentative plans call for the formation of an amateur group to be coached in the elements of sketching and painting by Mr. Schwarz, and later by other local artists. It is expected that the new club will resemble a similar group in the city and will appeal to many men who do not have the time or inclination to go to Philadelphia to take up such a hobby.

Education Foremost, Says Conservationist

**Mrs. John Gillespie Speaker
at Community Club
Tuesday.**

LIST COMING EVENTS

Mrs. John A. Gillespie, vice chairman of the Conservation Committee of Delaware County, was the speaker at the Woman's Community Club of Narberth at the meeting in Elm Hall on Tuesday afternoon. "The object of the Pennsylvania Committee," said Mrs. Gillespie, "is to educate every man, woman and child in the preservation of the natural resources of the State, which include the wild game, the forests and the water supply. For many years we have reaped the benefits of these resources and today we are in the position, if we do not take care to conserve them, of the man who killed the goose that laid the golden egg. Until late years the wild game has been ruthlessly killed and the forests have been cut down regardless of the consequences."

Many years ago there were immense flocks of passenger pigeons which, according to the natives of the State who lived at that time, could never be annihilated. With the uprising of the large cities with their enormous population, a market for these pigeons was established and millions of the squabs were killed. This was fatal to the passenger pigeon, for the female only lays one egg at a nesting and, as the squabs were killed, they soon became very scarce, so that in 1900 a \$1000 bounty was offered for the discovery of one of these birds.

Hawks and owls are becoming more rare, Mrs. Gillespie pointed out, due to the fact that they are ignorantly killed by the farmers and other poultry raisers. As a matter of fact, these two birds are the best rat trap a farmer may have, for their main food consists of rodents and insects. Wild ducks, too, are becoming more scarce due to the wholesale slaughter by the hunters and also to the modern idea of draining and filling in the marshy waterways, which are their natural habitat.

Mrs. Gillespie urged the establishment of bird sanctuaries throughout the State, and said that near her home in Glenolden, Pa., she had noticed at least one hundred and twenty-seven varieties of birds.

Conservation of the forests and the water supply were two other points she stressed.

Another feature of the program was a group of songs by Mrs. J. Fred Kuebler, Chairman of the Music Department. Among these were "One Fine Day," from the opera, "Madam Butterfly"; "Love's in My Heart," by R. Huntington Wood, and "I Look Into Your Garden," by Hayden Wood. Mrs. Mary March was the accompanist. Mrs. Kuebler has a fine soprano voice and sang with great flexibility and feeling. Mrs. M. M. Livingston, Chairman of Conservation, was in charge of the program. Mrs. W. Russell Green, president of the club, presided at the business meeting, which preceded the program.

Mrs. E. Guy Steinfeld and Mrs. Emma Kent were the tea hostesses.

The exhibition of birds in their natural setting, bird feeders and bird baths which were to be displayed at this meeting by Mrs. Florence Griscom, Chairman of the Conservation Committee of Montgomery County, was postponed on account of the weather and will be on exhibit at the Narberth Coal Company on Haverford Avenue from Monday, February 16, until the following Monday.

The Literature Class of the club held a meeting on Thursday at Elm Hall at 10:30 A. M. The second meeting of the month will be held on February 26 at 10:30 A. M. at Elm Hall.

On Tuesday afternoon there will be a bridge party at Elm Hall beginning

at 10 o'clock, which is in charge of Mrs. L. W. Melcher and Mrs. W. R. Knauer.

The International Relations Committee meeting will have a meeting on February 23 at the home of the Chairman, Mrs. Howard Strong, 29 Narbrook Park.

Miss Eden Brinton will be the speaker at the meeting of the club on Tuesday afternoon, February 24. Her topic will be "Mexico." Her talk will be illustrated with lantern slides. Mrs. Edward Laney and Mrs. Frank Stiefel will be at the tea table.

Prohibition Lauded At Borough Meeting

Continued from First Page

"Alcohol in any quantity is a poison. It is a dehydrating force of such strength that a small quantity will gradually dry up and destroy the body tissues. Even wines and beer have the same effect as high-power booze."

"Society has the privilege and duty of stopping the ravages of liquor. We are too interdependent to speak of personal liberty. The railroader holds hundreds of lives in his hand. Automobile traffic can not survive drinking. Further, the modern speed of living means that the individual uses up all the energy which rest can replace, and alcohol can only lower the resistance of the body with fatal effect."

The speaker pointed to the Canadian system of liquor control as a complete failure. Not only has the use of liquor increased by leaps and bounds each year, he said, but the ability to get light wines and beers has in no way lessened the use of high-powered booze.

"The Eighteenth Amendment is here to stay," Mr. McSparran declared. "Eliminating all other factors, industry and the automobile will prevent the return of liquor."

"The Christian men and women of the nation must not fear defeat, but must work unceasingly to educate the younger generation to the need of temperance. The danger is to the boys and girls."

The duty of the schools in teaching the facts of liquor's effects, and in showing the pupils that prohibition is really a "noble experiment" was brought out by Principal W. James Drennan, of the Narberth Schools. The need of education was also emphasized by Dr. John F. Hartmann, district superintendent of the Anti-Saloon League.

Letters and telegrams in praise of prohibition were read by the Rev. Harry M. Chalfant, chairman of the meeting. They were received from former State Senator Fletcher W. Stites, Anti-Saloon League Superintendent F. Scott McBride, President J. Howard Pew, of the Sun Oil Company, and Congressman M. Clyde Kelly.

were submitted at any time before the final passage of the amendment, signed by a sufficient number of property owners, it would have a decided bearing on the final disposition of the matter.

"As a result of the hearing your committee intends to prepare in consultation with the Solicitor an ordinance amending the zoning ordinance, which should be ready for introduction at the March meeting of Council. It is intended to provide in this ordinance proper safeguards for the safety and convenience of Montgomery Avenue traffic to prevent deterioration of the surrounding property and to maintain the general appearance of the borough on this boundary street. Briefly, these are: to provide for a setback of the curb to provide parking space, establish a building line based on the present house line and to provide for a substantial and attractive character of building."

New Members Admitted to Junior Community Club

At a special business meeting held at the home of the president, Mrs. Clifford Goodwin, last Thursday evening, the Junior Community Club voted into membership the following: Mrs. Conrad Albrecht, Mrs. John Albrecht, Jr., Mrs. Paul Shea, Miss Martha Maxwell, Miss Janet Wainwright and Miss Doris Wainwright. Two former members who have been entered on the club records after a year's leave of absence, Mrs. Robert Russell and Miss Margaret Livingston, were also made welcome.

As this goes to press, excitement runs high among Juniors and Sub-Juniors alike, for they are all guests of honor at a very grand party which the executive board of the Senior Club gave last night* at the home of Mrs. Robert Nash. Rumors are current concerning the most interesting kind of entertaining to be extended by the hostesses, and next week's paper will contain a full account of it, you can believe.

The next regular meeting will be held at Elm Hall Clubroom on February 26, and will comprise a peace program, to which the Juniors of Ardmore and Bala-Cynwyd have been extended a special invitation, as well as Mrs. H. I. McConnell, Junior County Chairman.

Education Vs. John Barleycorn

In all the words that have been said and written on the touchy subject of Prohibition, one fact stands out: people may object to the Eighteenth amendment or to the Volstead act, but by and large, there is a sentiment for temperance.

The speakers at the dry rally in Narberth last Friday night reached the heart of the problem when they stressed the need of education. Prohibition has long labored under the weight of too much politics and too little public support. Many thousands of sensible citizens who do not drink are against Prohibition as it now stands.

Obviously, if no one wanted to drink, there would be no need for liquor laws. If the whole country were "sold" on the idea of Prohibition, the laws could be enforced. Have not the dry forces been remiss? For years the churches and temperance organizations worked toward their goal by means of education. The minute the laws were on the statute books they seemed to think the millennium had arrived and abandoned education in favor of the police and the courts.

The old battle line was between the respectable element and the "brewers' big horses." Today the anti-prohibitionists are intelligent, respectable people. The ultimate fate of Prohibition will be decided in a battle of facts, not emotions. Most of us are confused on the subject as the Wickersham Commission. The Anti-Saloon League, the W. C. T. U. and the scores of other Prohibition groups are faced with a very definite challenge.

If the meeting Friday night is an indication of a new approach to the problem, the "Noble Experiment" may still be a success. Millions of people are yet to be convinced. Let us have facts and reasons rather than straw ballots and Senatorial bombast. The Main Line, with its distinctly wet leanings, would be an excellent place to try out the virtues of education!

Those who are curious regarding expenditures of the public funds by the borough may find some satisfaction in perusing the Auditors' Report published elsewhere in this issue. An item among the receipts which seems to lack cultivation is that of fines and costs. During 1930 only the paltry sum of \$10 was added to the borough treasury by this method. This, it seems to us, should be a juicy source of revenue. Let the magistrates or the burgess clap a ten-dollar fine on every motorist that is caught violating the "Stop" signs, for instance, and watch the receipts grow. And also watch the violations of the "Stop" signs fall off.

But seriously speaking, the report of the auditors shows that the borough is in excellent shape financially. The unused borrowing capacity of the borough amounts to \$215,579.89, which is an increase of \$16,000 over last year. This has come about by an increase of about \$9000 in the cash sinking fund and from an increase of approximately \$100,000 in the assessed valuation of property upon which the borrowing capacity is based. The borough's outstanding bonds now total \$146,000 against which a certain sum is being set aside each year in the sinking fund.

* * *

Our prediction regarding Council's action in the matter of zoning on Montgomery Avenue seems to have been borne out. The Ordinance and Law Committee announced at Monday night's meeting that an amendment to the zoning ordinance would be prepared to permit business on the pike. However, this does not mean that it is all over but the shouting. There may be plenty of fireworks yet. The ordinance will be introduced at the March meeting of Council and has to pass three readings, only two of which can be done at the same meeting. Apparently there is some opposition to the proposed step, in addition to the scattered protests made at the public hearing. If this is crystallized and presented to Council in the form of a petition any time before the final passage of the amendment (which undoubtedly will not take place before April) serious consideration will be given to it by the borough fathers, and may, as is stated in the report of the Ordinance and Law Committee, "have a decided bearing on the final disposition of the matter."

Mulieres' Membership Now Numbers One Hundred

The Mulieres of the Narberth Fire Company had a very successful meeting at Elm Hall on Monday afternoon. Reports from the drive were read, showing an increase of membership, which is now one hundred.

John Miller, deputy chief of the Narberth Fire Company, was present and told the women how they could help the members of the fire company. A general discussion followed. Plans were made for a mock trial of the Fire Company which will take place in the near future, probably at the next meeting, which will be held on Monday, March 9, in Elm Hall. Mrs. Thaddeus Bolton, the vice president, presided.

The Board of Directors of the Mulieres will hold a meeting at the home of Mrs. Eberhardt Mueller, on Essex Avenue, next Tuesday morning at 10:30 o'clock.

Monday Meeting Planned for Dr. Rush Chapter

Mrs. Addie K. Hewitt, 116 Essex Avenue, Narberth, will be hostess to the Dr. Benjamin Rush Chapter, N. S. D. A. R., at their stated meeting on Monday, at 2:30 P. M.

The Regent, Mrs. Hugh Glen Martin, will preside, and the speaker will be Mrs. P. Y. Schelly, national president, Dames of the Loyal Legion. Her subject will be, "Flags of America Since the Year 1000 A. D."

Members of the chapter, their husbands and friends are invited to attend a patriotic gathering at the Narberth Public School on Thursday evening, February 19, at which slides of "Colonial Spots in American History" will be shown.

Rep. Women's Council Meets on Monday

The Lower Merion-Narberth Council of Republican Women will hold a luncheon meeting on Monday, February 16, at the Lodge Tea Room in Haverford on Lancaster Avenue. Mrs. Morris Green is the hostess and reservations may be made by telephoning Ardmore 2437-J.

Mrs. Henry Jump, member of the Philadelphia County Board of Prison Inspectors and of the Pennsylvania Crime Commission, will be the speaker. Her topic will be "Views of a Woman Prison Inspector."

Inspect New Home

Members of the Bala-Cynwyd-Narberth Rotary Club made an inspection tour of the home of one of its members Tuesday in lieu of a formal program at the meeting.

After the luncheon the members were shown the recently completed home of Guy Croyle, on Centennial Road, Penn Valley. The house, of interesting stone architecture, is one of the most attractive recent additions to Main Lines homes. This cornerstone was presented to Mr. and Mrs. Croyle by the club during the erection of the walls.

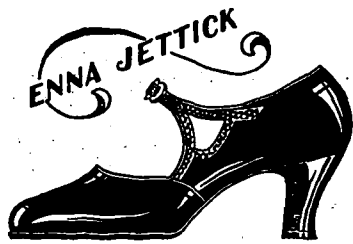

Two Fire Companies Respond

Narberth firemen responded to an alarm of fire at the home of Mrs. Samuel Pennock, 346 Calvert Road, Merion, on Wednesday at 10:15 but returned without seeing action. The blaze was confined to an automobile in the garage, and was extinguished by the Union Fire Company of Bala-Cynwyd which had been called earlier. The fire is believed to have started from a short circuit. Mrs. Pennock rescued her 2-year-old daughter from the machine.

Narberth Man Married

The marriage of Miss Anne Naravage, of Philadelphia, and Mr. Henry F. Sheller, son of Mr. and Mrs. Frank H. Sheller, of North Narberth Avenue, took place at Elkton, Md., on Saturday, February 7.

Narberth Theatre Notes

Inimitable Maurice Chevalier becomes a millionaire and tries to avoid parting with a large part of his fortune as a penalty for breaking his contract as waiter in a Paris restaurant. His singing and fun-making make "Playboy of Paris" good entertainment. It plays at Narberth's playhouse this Friday and Saturday.

"Feet First," Harold Lloyd's latest and funniest comedy, will be Narberth's feature next Monday and Tuesday nights and also at matinees, Monday at 3 P. M. and Tuesday at 3:45 P. M. In the talking comedy are packed plenty of thrills and humorous situations.

Also due at Narberth next week is—or are—"Min and Bill," the drama in which versatile Marie Dressler and Wallace Beery are co-starred. It is adapted from Lorna Moon's powerful novel of the waterfront, "Dark Star," and its scenes include a waterfront hotel and ship chandlery built on a rocky breakwater in the Pacific Ocean, Japanese, Danish, Portuguese, Chinese and Mexican fishermen, and old whalers warped to the piers of their dock.

Egyptian Theatre News

An unusually entertaining group of short subjects has been arranged by the Egyptian Theatre management to accompany the feature this Friday and Saturday—"Min and Bill." As for the feature, Marie Dressler and Wallace Beery distinguish themselves in their first co-starring drama. Comedians of long standing, they make the best of the funny as well as the dramatic moments in "Min and Bill."

"Passion Flower," Cynwyd's main attraction next Monday and Tuesday, is Kathleen Norris' novel of married life, directed by William de Mille, and unusually well acted by Kay Johnson, Kay Francis, Charles Bickford and Lewis Stone. Accompanying is Burton Holmes' travelogue: "Through the Yangtze Gorges."

Eddie Quillan, the screen's youngest comedian, will amuse, aided by Sally Starr and Frances Upton, in "Night Work," coming to the Egyptian next Wednesday and Thursday.

"Billy the Kid," a King Vidor production, is coming to Cynwyd next Friday and Saturday. It's a wild West thriller, with John Mack Brown, Earl Dane, Kay Johnson and Wallace Beery.

Auxiliary Meets Tuesday

The Auxiliary of the Harold D. Speakman Post of the American Legion will hold a meeting on Tuesday evening at 8:15 in the Post rooms.

Card Party Tomorrow

The newly organized Scout Mothers are giving a card party tomorrow in the Legion Room of the Community Building, Narberth, to help the Narberth Scout Troop carry on its activities. The chairman is Mrs. W. J. Hutchinson, Narberth 3947-M. There will be prizes, refreshments and a pleasant evening in store for those who come. Donations of money, candies or cakes will be greatly appreciated.

1100 Miles in 39 Hours

Andy Lowry, one of the helpers at Hansell Brothers' service station and garage on Montgomery Pike, Narberth, is due to return Monday from a two weeks' trip to Florida. He left here 5 A. M. Sunday, February 1, and completed his 1100-mile drive to Daytona at 8 P. M. the next day. He arrived in time to see Campbell establish his speed record of nearly 246 miles an hour. Accompanied by Paul Green, of Philadelphia, Lowry continued his trip to Palm Beach, and then Miami, and, according to a postcard received by Hansell Brothers, planned to return by way of the West Coast. He is driving a Chevrolet.

Home-Baked Goods and Larger Meat Counter Are Cotter's Latest Innovations

Extensive alterations have been completed at Cotter's Market, Haverford Avenue, Narberth, to enlarge its meat department and inaugurate a home-made baked good counter. Three new people have been added to Howard F. Cotter's large force to take care of the increased business. The meat counter has been enlarged, and its clean, pleasing appearance is enhanced by a new chromium rail, a mirror and some marble. The refrigerator's capacity has recently been increased, and an automatic control installed, to maintain the electrical refrigeration at a temperature of no more than 40 nor less than 32 degrees.

In order to supply the new baked goods counter, a bakery has been established in the building with, among other things, a Hobart bread and pastry mixer. Bread, cakes and pastry are now being baked fresh daily, under supervision of Miss Craig—or Aunt Belle, as she is better known here.

In the rear of the market a special telephone order department is being established to facilitate handling of phone calls, and extensions of the line are to be placed on the meat and baked goods counters.

Mr. Cotter, whose business has grown rapidly since his establishment in Narberth years ago, has made many improvements in the appearance of his store, the extent of his stock, and the scope of his service. He boasts of the fact that his large establishment is individually owned, and that because he buys co-operatively with hundreds of other members of the Retail Grocers' Association, he is able to sell quality merchandise, nationally advertised, at moderate prices.

Has New Refrigerator

Walter G. Case, of the Narberth Electric Shop, has been made representative of the new Servel Hermetic, which is heralded as opening a new era in "simplified refrigeration." With only two working parts, the Servel's hermetically sealed refrigerating unit is installed in such a manner that it can be removed from the cabinet by means of the removal of six screws. According to Mr. Case, the Servel is unconditionally guaranteed for two years, and if at the end of five years or longer, the unit fails to function, it will be replaced at moderate cost.

Refers to Broadcast

A recommendation that radio listeners tune in on Enna Jettick broadcasts is made by John Drizin, Enna Jettick shoe sales representative in Narberth. The E. J. melodies are broadcast over WJZ and thirty-five associated stations at 8 P. M. every Sunday, and the Enna Jettick Song Bird is to be heard over the same stations at 9:30 P. M. Fridays.

Art and Shull Lumber

Of interest to artists and students of art is this week's announcement by the Shull Lumber Company of the opening of a "Fangerine Studio" at Alvin E. Shull's headquarters, 29 Bala Avenue, Bala. Hereafter art supplies may be purchased there, including charcoal, water and oil colors, inks, paper and brushes.

New Packard for Wrecker

"Charley" Smith, who drives the pumper for the Narberth Fire Company, is this week placing a new wrecking car in use for his auto wrecking and towing service. The new car, like the old, is a Packard.

Class Officers Confer

A meeting of the officers and teachers of the Fairview Sunday School was held at the home of Dr. and Mrs. E. S. Denbler, of State and Hageysford Roads, Penn Valley, on Tuesday evening.

Meteors Setting Pace in Church Bowling League

As in the first half the Meteors are setting the pace for the other teams in the Narberth Inter-church Bowling League. The Lions displaced the Pilots for second place honors last Friday. Several good scores were made over the 200 mark. It may be they are getting ready for the Buffalo tournament. The Camels offered the cellar position to the Pep Boys which they accepted, as indicated by the scores.

THE FIRESIDE

Short trips to the seashore during the winter months have become quite the thing, especially if one goes to Atlantic City, where there is plenty of entertainment. Last Friday the tennis tournament was very exciting and many faces familiar in social circles were to be seen following the speedy serves and flashing return of the balls. At the hockey game in the auditorium one also found that many fashionables who are staying at this resort have much interest in sport. On Saturday night the Atlantic City Automobile Show attracted a gala and fashionably-clad audience from a number of the large Eastern cities and from this vicinity to the spacious ballroom in the auditorium. This gorgeous display of cars and boats will continue to be shown until Valentine Day. Among those who spent last week-end at the Chalfonte-Haddon Hall were Mr. and Mrs. A. E. Brown, of Wyndale Avenue; Mr. and Mrs. K. W. McHose, of Narbrook Park; Miss Hannah M. Warrington, of North Narberth Avenue, and Mr. and Mrs. Peter Eidenberg, of North Narberth Avenue. At the Seaside were Miss Helen P. Chicquaine and Miss Anne Mary Chicquaine, of the Avon Apartments.

Miss Anne Compton, daughter of Mr. and Mrs. A. G. Compton, of Woodbine Avenue, gave a bridge party off Tuesday evening. Among the guests were Miss Louise Jones, of Narberth; Miss Kitty Burr, of River-ton, N. J.; Miss Gladys Reckhard, of Woodbury, N. J.; Miss Ruth Faulk, of Overbrook; Miss Alice McMahan, of Philadelphia; Miss Irene Young, of Narberth, and Miss Cornelia Henninger, of Roxborough.

Miss Helen Brookhart, of Baltimore, who is a student at Temple University, was the guest of Mr. and Mrs. Compton over the week-end.

Mrs. Frederick A. Egmire, of Elmwood Avenue, is leaving next Tuesday for Wilkes-Barre, where she will visit her sister, Mrs. Malcolm Burnside, for a week.

feature on the musical program was the playing of the Light Cavalry and Amaryllis by the Little Rhythm Orchestra, the members of which were pupils of the second grade. The music was under the direction of Miss Frances Fricke.

The Rev. John Van Ness, pastor of the Narberth Presbyterian Church, gave the invocation. The address of welcome was made by W. J. Drennen, principal of the school, in which he spoke of the object of the association. "It aims," he said, "to bring the home and school in closer relationships so that each and every child is understood so that he or she may be guided in the right way of living. If such co-opera-

tion is carried out, the teachers and parents will make good citizens of the young people and thus preserve the entity and righteousness of the nation."

Mr. Pray, in behalf of the school board and citizens of Narberth, extended a welcome to the representatives from the association from various parts of the county. Mr. Pray emphasized the fact that both the parents and teachers were needed in the education of a child. "Each teacher," said Mr. Pray, "should know the child's home and background as the education of the child is a twenty-four-hour-a day job."

The morning session consisted of the various reports of the outstanding committees, the treasurer's report and also a report on the revised by-laws by the committee in charge.

Mrs. George Fockler, first vice president of the Pennsylvania Congress of Parent-Teachers, in her talk on the

duties of the local organization, advised parents not to dictate to teachers, but to co-operate with them to the utmost of their ability.

The afternoon session was opened by the chorus of the Montgomery Parent-Teacher's Association, of which there were fourteen women members under the direction of Miss M. Ellen Geller. Their selections were "Call of Home" and Brahms' "Lullaby." Miss Hilda Moyer was the accompanist.

Miss Gertrude L. Turner, faculty adviser of the Abington High School's All-American publication, "The Oracle," gave an address on "By Their Publications Ye Shall Know Them," speaking on the value of school papers.

Dr. Lindsay Rowland, superintendent of schools of Cheltenham Township, praised the work of the Parent-Teachers.

The prizes in the scrap book contest were awarded by Mrs. Joseph A. Blair, county chairman of publicity, as follows: First prize of \$2.50 for the senior high scrap book was won by the Abington School; the junior high scrap book prize of \$2.50 was given to the Cheltenham Township School and the rural school prize was won by the Overlook School, near Willow Grove.

Mrs. E. E. Kiernan, honorary president of the Pennsylvania Congress of the Parent-Teacher's Association and president of Philadelphia Council of the H. and S. Association, spoke on the excellent work accomplished by the different groups throughout the State.

Mrs. Clarence H. Woolmington, president of the Narberth Parent-Teacher Association, was chairman of the general committee of the convention, and was assisted by Mrs. Joseph Perry, chairman of the hospitality and reception committee. The ushers assisting Mrs. Perry were Miss Margaretta Runyon, Mrs. Robert L. Rowan, Mrs. LeRoy King and Miss Mary I. Hoover. Mrs. George Schroder was chairman of the luncheon committee and Mrs. Charles Starr was in charge of the dining room. Mrs. E. C. Griswold was chairman of registration, while Mrs. E. H. Cockrill had charge of the tickets.

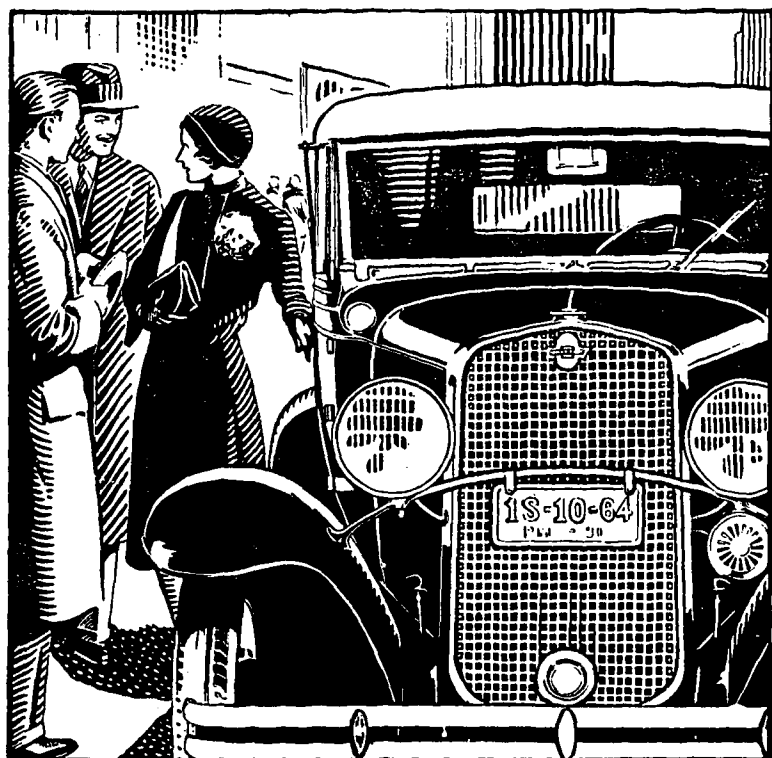

Mrs. Ambler installed the new officers and gave a brief resume of the work of the association during her administration, which had grown from seventeen groups to fifty in the county. There are now 3200 members of the Parent-Teachers' Association in Montgomery County. E. Roger Stevens told of the successful program carried out by Mrs. Ambler and at his suggestion she was voted in as an honorary president at this session.

**Forum Continues Study
of Life of Jesus**

The study and discussion of the life of Jesus was continued at the Forum meeting last Thursday evening at the home of Miss Mary Hudson, of Cleveland Avenue. The leader, Rev. Robert E. Keighton, devoted that meeting partly to a review of the past steps of this season's meetings and to a general introductory talk on the active ministry of Jesus which will be the basis of the studies of the immediate future.

In connection with the ministry Mr. Keighton pointed out how common it is that different people in the same group of listeners will draw entirely and sometimes even contradictory meanings from the words of a speaker. It is a frequent occurrence in the experience of every preacher, he said. In his opinion it was not unreasonable to conclude that different people among those who listened to Jesus drew conflicting inferences as to his meaning and that some of those conflicting conclusions were preserved by those who later wrote their recollections of what Jesus had said and what He had meant when He said it.

The next meeting will be held next Thursday evening, the 19th, at 8 o'clock at the home of Mr. William Stout, 5 Hampden Avenue, and the subject of that meeting will be the ministry in Galilee in preparation for which it was recommended that it would be well to read pages 104 to 137 in "The Life of Jesus of Nazareth" by Dr. Rush Rhees.

Narberth's Favorite RECIPES

Here is a very simple menu for either luncheon or supper:

Scalloped Corn Beef
Carrots and Peas Delmonico Potatoes
Apple Sauce Cake

Perhaps some of our readers would like a more elaborate menu, or perhaps they have special menus they would care to submit. Send your requests for recipes or your recipes to Our Town, care of Mrs. Roberts. Here is a recipe for serving baked beans:

Baked Bean Timbales

Press one cup of left-over baked beans through a sieve, add $\frac{1}{2}$ cup of sifted soft bread crumbs, 1 teaspoon of onion juice, 1 teaspoon of chopped parsley, $\frac{1}{2}$ teaspoon of paprika, 6 tablespoons of tomato catsup and two eggs well beaten. Mix all together and turn into individual molds, well greased, or turn into a single mold. Bake in a pan of hot water until firm in the middle. Turn from mold and serve hot with tomato sauce.

Scalloped Corn Beef

2 cups of corned beef cut into cubes.
1 cup of white sauce.
Butter.
1 stalk of celery.
Bread crumbs.

Cook chopped celery and onions in the sauce. Put the corned beef in a shallow baking dish and add the sauce. Sprinkle with bread crumbs, moistened with melted butter. Brown in a hot oven.

Apple Sauce Cake

1-3 cup of butter.
1 cup of sugar.
 $1\frac{1}{2}$ cups of thick sweetened apple sauce.
2 cups of flour.
1 teaspoon of soda.
A pinch of salt.
Spices to taste.
1 cup of raisins.

Cream the butter or shortening and sugar together, then add the apple sauce. Mix and sift flour, soda and spices, then the raisins. Mix well. Bake in a well-greased loaf pan at 380 degrees Fahrenheit for about forty-five minutes.

Here is a recipe for tea cake which you may like to try:

Tea Cake

1 tablespoon of melted fat.
 $\frac{1}{2}$ cup of melted sugar.
1 egg.
1 cup milk.
3 teaspoons of baking powder.
2 cups flour.
1 cup chopped nuts.

Cream the fat with the sugar, add the beaten egg, then add the milk alternately with the sifted ingredients. Lastly add the floured nuts. Bake in greased muffin tins at 400 to 425 degrees Fahrenheit for twenty minutes. Split each cake, butter it, and sprinkle with sugar and cinnamon or with grated maple sugar and chopped nuts. Serve hot with afternoon tea.

Mock Cherry Pie

1 cup cranberries.
 $\frac{1}{2}$ cup seeded raisins.
 $\frac{1}{4}$ cup sugar.
1 tablespoon of flour.
1 teaspoon almond extract.
1 teaspoon butter.

Line pie-pan with crust. Fill with cranberries, washed and cut into halves, mixed with chopped raisins. Sprinkle mixture with flour and sugar, add the almond extract and dot with butter. Cover with second crust and bake.

Butterscotch Pie

$1\frac{1}{2}$ cups milk.
1 cup brown sugar.
3 tablespoons of cornstarch.
2 eggs.
2 tablespoons of butter.

Heat one cup of milk and sugar until the sugar is free from lumps. Mix the cornstarch, one-half cup of milk and egg yolks and add to the hot mixture slowly. Cook in double-boiler until thick, stirring constantly, then for ten minutes longer. Add the butter. When cool, pour into a baked shell. Cover with a meringue made from the stiffly beaten egg whites and powdered sugar. Brown in the oven.

SPRINGFIELD WATER

The demand for water is constantly growing, and the uses to which water is put by man are increasing with each decade.

Natural water resources are strictly limited in number and quantity, fluctuate in volume from year to year and not all are suitable for domestic purposes.

The drought has served to emphasize these dominating factors in water supply.

Ten years ago water requirements for Suburban Philadelphia could not be met by the natural flow of available streams.

With present-day demands, this natural flow is totally inadequate, even when the streams are not depleted by extreme drought.

To meet this situation, huge impounding reservoirs are necessary, in which flood water may be stored up and held in reserve, not only to meet seasonal fluctuations, but to provide for depletion over a period of successive dry years.

Philadelphia Suburban Water Company has a storage reservoir on Pickering Creek and is now completing a huge basin on Crum Creek, where approximately four billion gallons will be held in reserve to provide against a shortage.

Notwithstanding the recent drought, the most severe in many years, Springfield Water has been furnished in practically undiminished volume and at all times has met the highest sanitary requirements.

Philadelphia Suburban Water Co.
